Marmon-Herrington:

A legacy of engineering excellence that lives on today.

For over 75 years, Marmon-Herrington has been pioneering driving solutions that keep fleets moving and provide long-term value. Among our inventions: the Marmon Wasp, the first car ever to win the Indianapolis 500; double-cardan steering joints and low-profile differentials. Today, we're known for our full line of dependable axle systems with premium components, product flexibility and best-in-class support.

Whether you're an OEM ready to outfit a fleet or a fleet manager looking for a kitting solution, Marmon-Herrington has the right system to get the job done and keep you moving. To learn more, call us at (800) 227-0727.
